Claude writes like AI.

Until you install the Humanizer skill.

It catches 29 patterns that make text read like AI. Then rewrites every one in your voice.

How it works:

1. 1. You paste your draft into Claude.
2. 2. Humanizer scans it for 29 AI tells.
3. 3. It rewrites every one in your style.
4. 4. Your draft reads like a person wrote it.

Install in 3 steps:

1. Download the skill here → https://github.com/blader/humanizer 2. In Claude: Customize → Skills → upload the file 3. Paste 2–3 paragraphs of your own writing first

Type /humanizer to invoke it.

Your draft sounds like Claude. This skill makes it sound like you.
