

Smartphones

WHAT DO YOUR DEVICES KNOW ABOUT YOU?

Whether it's a computer on your desk or a phone in your pocket, your devices retain a lot of personal data. And all of that information may be vulnerable to cybercriminals.

Passwords

- Web browser autofill
- Stored in the file system

Credit Card Numbers

- Web browser autofill
- Downloaded credit card statements

Social Security Number

- Downloaded tax documents

Deleted Files

- All deleted files, including ones no longer in recycle bin or trash, can be recovered until physical storage space overwritten.

Text Messages

- Text log stored on phone

Bank Account Info
