FFmpeg

Convert

webm to mp4

Since Wix doesn't support Webm...

```
ffmpeg -i input.webm -c:v libx264 -crf 18 -c:a aac -b:a 192k output.mp4
```

- Audio sync problems: Use **-async 1** parameter in FFmpeg
- Large file sizes: Increase CRF value (lower quality) or reduce bitrate
